Our Mission
We strive to ensure every child has the opportunity to acquire literacy and reading skills, regardless of their geographical location within the United Kingdom and worldwide.

The procurement of literacy skills is essential when assisting young children to reach their full potential; allowing them to succeed at school and in life.

We target wide-scale illiteracy through the provision of free access to quality educational materials and innovative solutions.

How we do it
✓ We provide books and educational resources that encourage children to discover the joy of reading.
✓ We gather literacy, educational leaders, and organizations from around the world to share ideas and collaborate within the sector.
✓ We use innovative technology to create e-books and literacy tools for children in rural & remote classrooms, including Africa & Indigenous Australia.
✓ Under our Sun Books initiative, we provide a low-cost solar panel tablet to “off the grid” classrooms in Africa. These tablets are pre-loaded with a digital library that contains books written in both their native language and English.
✓ We are a global voice that spreads and promotes the importance of literacy; empowering people to become advocates within their community for this extraordinary cause.

Our Vision
We envision a world that provides free access to education for everyone; eliminating illiteracy.

Our impact in 2018-19
✓ Increasing literacy rates
✓ Improving reader engagement
✓ Inspiring reading habits

In the UK
No of Books Distributed: 4,800
No of times a child or parent access our services: 1,200

ABOUT US
Books from birth is a UK initiative with a sole focus on providing early literacy skills to disadvantaged children (ages 0-5).

We provide much-needed support and resources to families from low socio-economic backgrounds; including migrants, refugees.

In 2018-2019 our program was delivered around 12 communities across the UK. We were successful in:

✓ Distributing 1,800 copies of our Multilingual Baby Book (translated into 12 different languages)
✓ Distributing more than 3,000 second-hand books to families
✓ Placing our ‘pop-up’ libraries in medical centres, welfare offices, laundromats, community centres, and kindergartens

“No one reads; if someone does read, he doesn’t understand; if he understands, he immediately forgets.”

-Stanislaw Lem-
Our Youth Ambassador program recruit and train young individuals to be well versed in advocating education with a focus on literacy as a fundamental human right. Through this program, we reach more than 20 million people through media exposure, events, social media, and fundraising activities.

In 2018-2019, 750 Ambassadors, from 80 countries, including 41 from UK became a local voice for this cause; promoting literacy in their local communities and schools.

For more information, please visit: [https://worldliteracyfoundation.org/youthambassador/](https://worldliteracyfoundation.org/youthambassador/)

“All that mankind has done, thought, gained, or been; it is lying as in magic preservation in the pages of books.”

-Thomas Carlyle-
In 2018, we held the World Literacy Summit (WLS) in Oxford to bring together leaders from 85 countries representing over two-thirds of the world’s population, and all with a single focus – advocating, championing and educating on the vital importance of improving literacy levels across the globe.

In 2020, we will again facilitate the conference again, to be involved please visit www.worldliteracysummit.org

“There is no such thing as a child who hates to read; there are only children who have not found the right book.”

-Frank Serafini-
Sadly, in today’s society, 20 million classrooms have insufficient access to the internet, books, and electricity.

The Sun Books App is a solar-powered tablet device equipping classrooms with innovative digital technology regardless of internet connection and electricity.

In 2018-2019, 3 volunteers in the UK donated 300 hours of their time to create e-books and educational activities for the Sun Books App tablet for distribution in classrooms within Africa and Latin America.

The Sun Books App supports disadvantaged children with locally relevant and international e-books and activities, aiming to support children’s learning.

If you want to be involved with Sun Books, please visit www.sunbooks.org

“School made us ‘literate’ but did not teach us to read for pleasure.”

-Ambeth Ocampo-

“Whenever you read a good book, somewhere in the world a door opens to allow in more light.”

-Vera Nazarian-

To target illiteracy in children aged 4-12 years from low socio-economic backgrounds, in 2019 we launched Fundacion Aprende Leyendo in Manizales Colombia (as a program from the World Literacy Foundation).

As I reflect on the 2018-19-year, I wish to thank our board, staff, volunteers, supporters, and stakeholders. With their commitment, we were able to make a significant impact on the development of literacy skills of children in need. I believe “Reading changes lives,” and I am pleased that our organisation cultivated the joy of reading in children and young people due to our efforts in 2018-19.

As a small and resourceful organisation, we are grateful to the wider community for the many ways they provided practical support over the past 12 months.

I am often reminded of the vital importance of literacy skills in our day to day lives, and how these skills are key to all young individuals reaching their full potential.

In the year ahead, please continue to work with us to ensure children can develop a love and habit of reading in their early years and experience a literate world.

I report on the accounts of United Kingdom & Europe World Literacy Foundation for the period ended April 30, 2019.

This Report is made solely to the trustees as a body, in accordance with the charities Act 2011. My examination has been undertaken so that I might state to the trustee those matters I am required to state to them in an independent examiner’s report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the charity and the trustee as a body, for my examination, for this report, or for the opinions I have formed.

My examination was carried out in accordance with the General Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and consequently no opinion is given as to whether the accounts present a “true and fair view” and the report is limited to those matters set out in the statement below.

In connection with my examination, no matter has come to my attention, which gives me reasonable cause to believe that in any material respect the requirements:

- To keep accounting records in accordance with section 130 of the 2011 Act; and
- To prepare accounts which accord with the accounting records and comply with the accounting requirements of the 2011 Act have not been met; or
- To which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.
